Furthermore, enemy tanks are routinely placed in nice, tidy rows for you to tear into with your AGM-65 missiles — the only significant danger here is that you'll run out of ammo before your mission objectives are complete.. You begin every sortie in the air After destroying a set number of enemy MiGs and/or tanks (and easily spoofing their missiles with some timely counter-measures), a "Mission Successful" message pops up and you're on to the next one.. As with the earlier Mission Studios games, Jetfighter 5's campaign numbering 32 missions is set on the West Coast, where a North Korea-aligned terrorist organization has managed to import a hot and nasty shooting war onto American soil.. Reducing the learning curve for first-time simmers is one thing, but Jetfighter 5 has been so completely emasculated by its lack of realism, challenge, and gameplay depth that even rookie aviators will cry foul.. All three planes come with a magic 360-degree radar screen that can locate air or ground threats from all directions.. All of the hockey story is narrated through painfully amateurish radio chatter and briefing screens. cea114251b
