Nokiamob – Welcome to the Nokia World! Now Trending. Sep 26, 2013 Nokia Store is growing at a very fast pace and there are more better apps and games being introduced into the Nokia Store.. News from the Nokia world, networks, phones and everything that originated from Nokia, including Jolla, Here, Withings, HMD Global and others.. However, none of the Asha device launches in 2013 (Asha 501, Asha 210, Asha 206; etc) are supported by Nokia Suite so users are not able to download Applications, Games and other content to their computer in order to transfer them to their phones.
